

INCOMPLETE

Report as to Harriman Goes to Roosevelt.

THE FINAL STORY

Is Not Yet Ready for Submission to the President by the Inter-State Commerce Commission.

Oyster Bay, N. Y., July 10.—President Roosevelt on Tuesday received the report of the inter-state commerce commission setting forth facts and conclusions arrived at as a result of the investigation of E. H. Harriman's alleged manipulations of certain railroad's finances.

A copy of the report has been sent to Attorney General Bonaparte and the statement was made by Secretary Loeb that Mr. Bonaparte's recommendations as to future proceedings by the government in the matter doubtless would be awaited by the president before he directed any further move.

Washington, July 10.—At President Roosevelt's request the inter-state commerce commission has forwarded to Oyster Bay a memorandum giving the substance of the evidence collected by the commission in the Harriman inquiry. It is understood that the commission made no recommendation to the president and that the complete report is not yet ready and may not be for some time.

Attorney General Bonaparte stated last night that if the inter-state commerce commission had submitted any report to the president he was not aware of it and no copy of it had been received by the department of justice; that he had not been notified of the completion of the report and had received no communication regarding the Harriman inquiry from either the president or the inter-state commerce commission. He expressed the opinion that when the commission's final report is submitted to the president it will be accompanied by some recommendations as to what action shall be taken by the department of justice.

Important, If True.

London, July 10.—The correspondent of the Daily Telegraph at The Hague sends a dispatch which purports to reflect the views prevailing there on the Japanese-American situation, which he declares to be more absorbing than the conference itself. The correspondent says the situation is really strained, although both governments are trying to conceal the fact. He asserts that since June 20 the question has entered upon an acute phase. Japan has been sending the United States notes stating that unless Washington is able to control California, Japan will consider herself free to act directly against California.

Death in a Storm.

Louisville, Ky., July 10.—One man was killed and several injured in a terrific wind storm which swept over this city last evening. Many houses and miles were killed, buildings unroofed, smaller structures blown down and heavy damage done to shade trees all over the city. The maximum velocity of the wind was 68 miles an hour during the height of the storm and the wind blew at the rate of 60 miles for 15 minutes. Several streets are impassable for blocks owing to the trees which litter the roadways. Damage at New Albany, Ind., by the storm is estimated at \$50,000.

A Double Victory for Whitney.

New York, July 10.—H. P. Whitney's horses won both the Lawrence Realization and the double event at Sheephead Bay Tuesday and thus earned two large stakes for their owner. The Realization, worth \$18,350, went to Dinna Ken, the heavily played second choice, with Frank Gill, the favorite, second and Salvidere third. Stamina took first place in the double event, with a cash value of \$10,000, Chapultepec second and King James third.

Ohio Bar Association Meets.

Put-in-Bay, O., July 10.—The 28th annual meeting of the Ohio bar association began here Tuesday with a large attendance. John C. Hale, of Cleveland, delivered the annual address.

Demand More Pay for the Service.

Washington, July 10.—Postmaster General Meyer announced Tuesday that the North German Lloyd and Hamburg-American lines had informed the German postal administration that on January 1 they would terminate the present agreement relative to the maintenance of sea postoffices on their steamers, because the compensation allowed was not sufficient. The companies, however, have made an offer of a rate at which they will continue the service. Mr. Meyer has decided to send Assistant Postmaster General McCleary to Germany to make a new contract.

Orders for Ships are Cancelled.

Detroit, July 10.—The Free Press says: It is evident that large operators will give no more orders for building lake ships until a change is noted in labor conditions. Orders for eight or ten large ships which were considered as good as closed, have been cancelled. Last year at this time the shipyard had orders in the steel mills for 200,000 tons, while now they have practically none.

SHORT PARAGRAPHS.

The wife of the Earl of Roslyn, formerly Anna Robinson, of Minneapolis, has sued him for a divorce. The earl is living in Paris.

It has been decided to erect a statue of Christopher Columbus that will cost \$100,000 in the center of the plaza in front of the new union railway station in Washington, D. C.

King Edward has granted a pardon to Col. Arthur Lynch, who was convicted of high treason in 1902 for having fought in the Irish brigade on the side of the Boers in the South African war.

Frank K. Rittenhouse, "the blind coffee man" who runs a coffee shop in the front part of his residence at Chicago, has been appointed as a member of the city board of examining engineers, with a salary of \$2,000 a year. Mr. Rittenhouse is the only blind man ever appointed to a city position in Chicago.

\$200,000 Fire Loss.

Sidney, O., July 10.—The plant of the American Scraper Co., one of the largest in the United States, burned Tuesday. Only a small section was saved. The loss is estimated at \$200,000. The fire was caused by an explosion.

Schmitz Is Denied Bail.

San Francisco, July 10.—Judge Dunne on Tuesday refused to admit Mayor Schmitz to bail and denied him the privilege of visiting his attorneys.

IT IS BITTER.

Competition Between the Telegraph Companies.

A STRONG DENIAL

Of the Charges Made by New York's Attorney General Is Given Out by Clarence Mackay.

New York, July 10.—Clarence Mackay, president of the Postal Telegraph Cable Co., declared Tuesday that all talk about the Western Union Telegraph Co. and the Postal Telegraph Cable Co. working in harmony is nonsense. Mr. Mackay's statements were made upon the action of Attorney General Jackson, of New York, who on Monday asked a justice of the New York state supreme court to appoint a referee to secure evidence that the Western Union and Postal companies have formed a combination in restraint of competition.

Mr. Mackay said: "If two companies ever competed in the United States these two telegraph companies are competing and always have been. At times the competition is even fierce and bitter. Every merchant and manufacturer in the United States, wherever we reach, will bear witness to the truth of this statement. 'We are litigating with the Western Union all over the country in regard to railroad rights of way. In fact, the tremendous fight between the Pennsylvania railroad and the Western Union was due solely to the fact that we got that business away from the Western Union.'

"The Western Union is trying to exclude us from all union depots and has just succeeded in excluding us from the Birmingham union depot, which is perhaps the finest union depot in this country at present, and we intend to take that matter into the courts to set aside the monopolistic contract between the Birmingham Union Depot Co. and the Western Union."

Mr. Mackay called attention to the cable to Cuba which the Postal Co. is now laying, to its Atlantic cables, land lines and a new route which he said the company is about to construct through the Nevada gold fields to the Pacific coast as evidence of that company's competition with the Western Union.

Historic Flag Placed on Exhibition.

Washington, July 10.—The historic banner of stars and stripes which inspired Francis Scott Key to compose "The Star Spangled Banner" and which floated over Fort McHenry in Chesapeake Bay during the bombardment by the British on the night of September 13, 1814, has been placed on exhibition at the Smithsonian Institution here. The flag is the property of Eben Appleton, of New York, who has loaned it to the government. The banner is about 28 by 30 feet and will be draped on the wall in the Hall of History, where it can be viewed by the thousands who annually visit the building.

An Eventful Day for the Kress Family.

Canton, O., July 10.—Bernard Kress, aged 3 years, got hold of a bottle of carbolic acid Tuesday, drank the poison and dropped dead just as his father entered the room. An hour later the boy's mother gave birth to a son.

Harvey and Cook are Sentenced.

Pittsburg, July 10.—Judge Ewing, of the United States district court, imposed sentence Tuesday on Thomas M. Harvey and Lemert S. Cook, recently convicted in connection with the failure of the Enterprise national bank, of Allegheny. Harvey, who was co-owner of the bank, was convicted of making false entries and was sentenced to seven years in the penitentiary. Cook was a real estate dealer. He was convicted of aiding Cashier Clark in misappropriating the funds of the bank. His sentence was five years and three months' imprisonment.

RULED IT OUT

Testimony Against McParland Is Excluded.

IN HAYWOOD CASE

Defense Tried to Show that the Detective Had Attempted to Manufacture Testimony.

Boise, Idaho, July 10.—The defense in the Steenberg murder case on Tuesday charged that Detective James McParland had been guilty of an attempt to manufacture testimony against W. D. Haywood, but was unsuccessful in getting the details of the charge before the court and jury.

Alva A. Swain, a newspaper correspondent who represents the Pueblo Chieftain at Denver, was called to the stand and questioned as to a conversation he had with McParland in Denver last fall. Senator Borah for the state objected to the conversation on the ground that no foundation had been laid for it.

Clarence Darrow, for the defense, who was examining Swain, explained that the testimony was offered for the purpose of showing that there existed a conspiracy between the mine owners and the Pinkertons to secure a conviction and execution of the prisoner. "McParland approached this witness in an attempt to manufacture testimony," he declared, "and I believe we have a right to show it."

Judge Wood said there was nothing in the evidence that furnished a proper foundation for the introduction of such testimony and sustained the state's objection. The defense took an exception and said they would later make another attempt to secure the admission of Swain's testimony.

It was claimed by the defense that McParland told Swain that he had a letter from Harry Orchard saying that when Haywood paid him for the Vi detector job he took him to one of the Denver banks to draw the money and that when they came out of the bank Swain was standing at the door and saw them. It is said that Swain told McParland that he could not remember the incident, whereupon McParland impressed him with the importance of it as evidence and significantly urged him to recall it and become a witness in the case. McParland stated that he ever suggested anything improper to Swain.

Other than for the interest afforded by the introduction of these witnesses the entire day was given over to the reading of the San Francisco deposition. The men who built the Lindbergh plane, the plumbers who put in the lighting system, the firemen who came after the explosion and the contractors and their men who made the repairs, all deposed at great length. Their tales seem to favor a gas explosion, but none of the testimony was conclusive.

Will Ask Militia to Donate Service.

Columbus, O., July 10.—Plans are being formulated for the entire national guard to attend the McKinley monument unveiling at Canton September 30, despite the objection of the state emergency board in allowing only \$10,000 for the expense, a little more than enough for one regiment. It is held by those in charge of the Canton arrangements that all the troops will be needed for guard duty. One plan is for the expense to be met by a few men who have the money and are interested in making a complete success of the tribute to McKinley. The other is to ask the guardsmen to donate their services.

France Objects to the Agreement.

Paris, July 10.—The government has made its first examination of the tariff agreement between France and the United States which Ambassador Jusserand brought back with him to Paris, and the impression created is decidedly unfavorable. It is too early to indicate the nature of the counter proposals that France will make. It is almost certain, however, that France will conclude that the tariff concessions asked for by the United States are entirely out of proportion to what she offers.

Voted to Surrender His Charter.

Detroit, July 10.—After a long battle to place the order in Michigan on a stable footing, the grand lodge of Michigan, Ancient Order of United Workmen, on Tuesday voted to surrender its charter. In spite of a number of increases in the insurance rates the death claims have accumulated faster than the receipts. In eight years the membership in Michigan has dropped from 28,000 to less than 3,000.

Earl Goes to the Death Cage.

Columbus, O., July 10.—Guarded by a sheriff and five deputies, Frank Earl, murderer of W. D. Legg, a butcher at Sidney, O., arrived at the penitentiary Tuesday to die in the electric chair. Although previously cool and collected, Earl was visibly affected when he was led to the death cage. Earl has only one arm, the other having been lost while he was a convict in Joliet prison.

Meat Famine Imminent at Mansfield.

Mansfield, O., July 10.—A meat famine threatens Mansfield as the result of the action of the board of health Tuesday. Nine owners of slaughter houses were ordered to discontinue bringing meat to the city until the buildings are placed in a sanitary condition.

Will Not Investigate.

Columbus, O., July 10.—Gov. Harris said Tuesday that it was not his intention to have an investigation of the affairs of the state institution for the blind. He hopes that the trustees will be able to adjust the difficulties there satisfactorily. The trustees will be called into his office when they meet next Monday for a conference. The governor has not been satisfied with the way the trustees of the institution have run things. This is the reason why no successor has been appointed to Alfred Robinson, of Ironton, whose term expired the first Monday in April. It indicates that the governor is contemplating a partial reorganization of the board.

An Important Arrest.

Columbus, O., July 10.—The state food department made an important arrest at Nelsonville Tuesday, the offender caught being an old and persistent one who was pursued by ex-Food Commissioner Ankeney. He is R. P. Maxwell, traveling salesman for a Louisville, Ky., firm, whose specialty is vinegar and maple syrup. So far as the goods sold by Maxwell are concerned, they have been impure almost invariably within the meaning of the Ohio laws. There are two charges against him at Gallipolis, two at Nelsonville and one each at Ironton, New Richmond, Mount Sterling, Kingston and Jackson, making nine in all.

Hospital Nurse Tells Startling Story.

Cleveland, July 10.—Deaths of patients have often occurred at the city hospital without the attendance of nurse or doctor. That was brought out in the infirmary investigation Tuesday. Councilman Orlick asked Miss Mary Kelley, night head nurse: "Is there always some one in attendance at the bedside of the dying?" "No," Miss Kelley replied, "because we are frequently called away to some other patient." She admitted that the number of nurses at night, eight, was not half enough. Drug victims, the council investigators learned, are able to secure the drug that enlivens them while patients in the hospital.

Get \$20,000 Alimony.

Cleveland, July 10.—Mrs. Claire Reissinger Montpeller, former chorus girl, got \$20,000 in a property settlement last October from Arthur Montpeller, from whom she was divorced, last week. In Judge Schwan's court. This settlement was made a short time after the wedding. This information came out in probate court Tuesday when his mother, Mrs. Mary Montpeller, as executrix of the estate of James Montpeller, filed a motion asking for authority to ratify the payment. She claims that she paid \$16,000 of the sum out of the funds of the estate and \$3,500 out of her personal funds.

Three are Tied for Leadership.

Cleveland, July 10.—Walter Egan, of Exmoor; Walter J. Travis, of Garden City, and Fred Herreshoff, of Garden City, led the field of contestants in the qualifying rounds for the national amateur golf championship, each taking but 75 strokes for 18 holes. Close behind them were W. J. West, of Philadelphia; F. W. Williams, of Brookline; Thomas W. Sherman, of Sadaquanda, and Ned Sawyer, of Wheaton, with 76 each. Jerome D. Travers had 78.

Gets Jail Sentence and \$10,000 Fine.

Baltimore, July 10.—A sentence of two years in the city jail and a fine of \$10,000 were on Tuesday imposed upon John H. Seward, of the fruit importing firm of J. H. Seward & Co., of this city. Seward pleaded guilty to the charge of defrauding the government by increasing the weight of dehydrated fruit on which there was a refund of one cent a pound. Seward is believed to have defrauded the government out of more than \$150,000 during the past four years, and a suit for \$250,000 against him by the government to recover the amount of the alleged default is now pending.

Orders Railroad to Obey Rate Law.

Lincoln, Neb., July 10.—The state railroad commission has peremptorily ordered the Missouri Pacific Railroad Co. to file schedule and comply with the Adair law by July 11. The Adair law reduces freight rates 15 per cent on grain, hay, fruit, potatoes and build material and prescribes a fine not to exceed \$1,000. The company disregarded the law.

Three Men Drowned.

New York, July 10.—Three of the crew of the steam yacht Yacona were drowned in the Hudson river Tuesday as they yawned, carrying six of the Yacona's crew and a dock man, was capsized by a sailor who rocked the boat. Four of the party were picked up by a tug.

Village Is Again Swept by Fire.

Leesburg, O., July 10.—Early Tuesday morning another big fire occurred in Leesburg. Seven business rooms were burned. The estimated loss is \$20,000, partly covered by insurance. The origin is unknown. About a month ago a big fire occurred here.

School Teacher Killed Himself.

Upper Sandusky, O., July 10.—Samuel L. Dent, a school teacher about 60 years old, committed suicide Monday night by shooting himself. He had a wife and several children in the eastern part of the state, but he lived alone just outside the city.

Suicided by Poison.

Martin's Ferry, O., July 10.—Mrs. Beat Hutchins, a prudent young woman, committed suicide Tuesday by taking poison. Family troubles were the cause.

Boy Killed by a Car Cable Breaking.

Van Wert, O., July 10.—Chris Steinbauer, aged 16, was killed at a stone quarry at Middle Point Tuesday by the breaking of a car cable.

WOMAN'S DANGER PERIODS

Zoa-Phora Brings Relief and Permanent Benefit to Pains and Backache—It is a Certain Regulator and Safe Remedy in the Danger Periods of Woman's Life.

In the three danger periods in woman's life, the young girl's period, motherhood and change of life, Zoa-Phora is the remedy which has brought prompt relief and prevented serious troubles later. In the attendant misery of oppressed menses, falling or displacements, in leucorrhoea, flooding, or the grave danger to a delicate woman in pregnancy or change of life, or for the young girl just coming into womanhood, Zoa-Phora relieves pain and distress almost instantly, builds up and strengthens rapidly and surely every time.

The best medical authorities speak in the highest terms of the medicines contained in Zoa-Phora. Multitudes of women in every state in the union praise Zoa-Phora for the great good it has done. So wide has become the fame of this great medicine that nearly all reliable druggists now have it on sale. You need make no explanation to the druggist. Just ask for Zoa-Phora and receive the medicine already prepared, compounded in just the right proportions, and put up in sealed, sterilized one dollar bottles. Full instructions will be found in each package, also a package of "Dr. Penney's Advice to Women," containing interesting and instructive information for women, which will enable you to treat your self in the privacy of your own home and you need not tell your troubles to anyone.

A Sure Cure.

F. Marlon Crawford, at a dinner in New York, attacked spiritualism. "In principle it may be true," Mr. Crawford said, "but spiritualism as it is practiced to-day is a thing to beware of. I know a man whose wife suddenly developed a great interest in spiritualism. She attended seance after seance at the house of a handsome medium with oaks, thick hair and smoldering eyes.

"Her husband cured her, though. He took to accompanying her to the medium's, and at every seance he got the most passionate and tender messages from his first wife."

Camphor Trees.

Says Secretary James Wilson, of the department of agriculture: "For years the department has been distributing camphor tree seed and thousands of trees are now growing throughout the south and Pacific coast states. Two years ago a serious effort was made to develop the manufacture of camphor from these trees. Satisfactory results have been secured and a large manufacturing concern is now building up a camphor grove of 3,000 acres in Florida, from which it hopes to make camphor. This firm uses more than \$500,000 worth of camphor every year."

King Barred from House Debates.

The king of England labors under one curious disability. He may not listen to a debate in the house of commons. Admission to the legislative chamber, which is open to his lowliest subject, is denied to the sovereign.
